

Bows and Toes

All Breed Grooming and Academy, LLC

**At Bows and Toes, your pet is very important to us.
This is why we place such a high standard on education and knowledge.
We find that the best client is an educated consumer.
We not only groom your pet, but educate both you and your pet!
It is very important to train your pet in basic commands.
Our programs are designed for puppies as well as adults.**

Star Puppy Program

Obedience Training is one of the best things that you can do for your dog or puppy....and yourself. Obedience training doesn't solve all behavior problems, but it is the foundation in which to start. Training your dog opens up the line of communication that is needed between you and your canine. An obedient dog makes for a happier environment for everyone!

The more you are willing to work with your canine, the more you will get from him.

The STAR Puppy Program is designed to get puppies and their owners off to a good start.

Obedience Training for Adult Dogs

Obedience Training Classes teach you the basics for handling your dog and helps you to bond with your dog. The more that you train him, the more he will understand you, along with giving him confidence.

“Remember, the more that you work and play with your dog, the more you will understand him!”

Canine Good Citizen Program

The purpose of the Canine Good Citizen Program is to ensure that our favorite companion, the dog, can be a respected member of the community.

To receive the CGC certificate, dogs take the 10 item Canine Good Citizen Test. Items on the test include:

- 1: Accepting a friendly stranger.
- 2: Sitting politely for petting.
- 3: Appearance and grooming.
- 4: Out for a walk (walking on a loose lead).
- 5: Walking through a crowd.
- 6: Sit and down on command - staying in place.
- 7: Coming when called.
- 8: Reaction to another dog.
- 9: Reaction to distraction.
- 10: Supervised separation.

TDI Evaluation

Jimmeye Moore is an approved evaluator for Therapy Dogs International.

Before getting started, you should know what we look for in a TDI Dog:

A Therapy Dog is born, not made. Yes, one can teach a dog mannerly behavior, but one cannot change a dog's inherent temperament. When a dog is put under stress, poor or marginal temperament will surface. Therefore: What are we looking for?

A Therapy Dog must have an outstanding temperament. This means that the dog should be outgoing and friendly to all people; men, women, and children. The dog should be tolerant of other dogs (of both genders) and non-aggressive toward other pets.

Before you consider having your dog evaluated, you should ask yourself if your dog has these qualities.

If so, give us a call and ask about an evaluation.

Grooming

Of course, at Bows and Toes, we do standard cuts for your breed, specific cuts for your type of pet, or any "special" cut that you desire. Baths, de-shedding, ear cleaning, nail trims, blow dry, brush -- we do it all!
