

Erica & Devin

Erica Hendrickson to Devin Fisher

September 18, 2010

Prissy Chrissy Ranch

How It Started...

Erica and Devin met at Gary's Body Shop in 2008. A serious hail storm had hit the Texarkana area. Erica had been working for Gary's for 5 years and the body shop sublet out to a company for PDR, painless dent repair, work on hail damaged cars.

Devin happened to be working for the company that Gary's used. Devin worked on hail damaged cars for Gary's for a while, and one night everyone went out as a group. That night, Devin and Erica sat together and really talked for the first time. They even danced, and neither of them normally dance! Devin asked Erica out the following week, and they soon had their first date. The two have been together ever since!

Devin took Erica to Kansas City, where he's from, on the 4th of July, where Erica got to meet his family. From then on, they continued taking vacations together! Devin ended up moving here permanently at the beginning of the new year, in 2009.

The Proposal...

Devin proposed to Erica on her birthday, March 19, 2010. He took her out for dinner at Park Place Restaurant. After they ate, Devin got down on one knee next to the table and brought out a ring box. He opened the box, and asked Erica the big question. "He was so cute, and yes, I cried like a baby but so did he!" Erica remembers. Erica's ring was perfect, but not the perfect size for her! She loved it so much, she wore the ring on her

pinky for the rest of the evening! Erica says, "I am very lucky to have found such a romantic gentleman."

The Wedding...

Devin and Erica tied the knot on a beautiful Saturday at the beautiful Prissy Chrissy Ranch in Texarkana, TX. The day was perfect- warm and sunny, when out of the blue came the sound of thunder. At first, everyone doubted their ears. There was barely a cloud in the sky. Then the storm rolled in. Less than an hour before the wedding was supposed to begin, it began to rain, and yes, hail. The same thing that brought the couple together in the first place! The storm cleared out, chairs were toweled off and the wedding was perfect.
