

THE 8<sup>TH</sup> ANNUAL

# Phantom Ball

BENEFITTING THE CLIENTS & SERVICES OF TEMPLE MEMORIAL REHABILITATION CENTER

JANUARY 15, 2011

In 1952, Dr. S. A. Collom and a gathering of Texarkana citizens founded the "Temple Home for Crippled Children" in response to the polio epidemic which was sweeping across our nation. Since that time, the Temple Center, an Easter Seals affiliate, has evolved and expanded into a premier facility providing physical, occupational and speech therapy for children and adults with disabilities.

On Saturday, January 15, 2011, the Temple Center will be celebrating the eighth annual "Phantom Ball" at Texarkana Country Club. This is an annual black tie gala event benefiting the client services of Temple Memorial Rehabilitation Center.

This year's "Phantom Ball" will honor a very special couple from our community as the "Phantoms". The criterion for "Phantom" is one who gives generously of their time and financial support to the Temple Center and the community of Texarkana. As in the spirit of "Phantom", the identity of this year's honorees will not be revealed at this time, in order to build suspense and intrigue for our event.

For more information or tickets please call Anita Carver at 903-794-2705.
